

Saw Dust

Hi All

Well your committee members have been at it again, they have been out and about spending some money to help the members

Here is a brief overview of these issues that have been undertaken

Club Activities

New band saw

While some of the members were demonstrating at Trend Timbers, Keith had a chance to discuss with Adrian (trend timbers) the price of the band saw. Adrian has come back with an absolutely great deal on the Lugano band saw and we accepted the price, paid for the saw, all that is needed is for it to be delivered. Once in the hall, lessons will be given to all members before use

Shipping Container

Bill and Ray went to Royal Wolf and had a look at the containers last week, Bill supplied pricing on the container plus delivery on Friday night. What we need to do now is organise the levelling off the ground where the container will be lodged. So we decide that the 17/09/16 we will need as many members as possible to come along and help level the ground, this should not take long, so please help. Once done delivery/ Viewing will be arranged

Clubhouse Cleanliness

. A lot of members spent their time helping clean up the hall a few Sundays ago, please ensure that everyone keeps their work area clean. If you use a machine, clean it after you use it, not later

Club Timber

There is a rack of timber outside the club under the awning, this is free to any member who needs it to undertake a job they wish to do, please think of other members when taking timber and only take what you require.

The timber inside the hall on the rack is still for sale at a gold coin donation, we will have a jar next to the sign on book for all donations. Toby donated 3 Camphor Bowl Blanks, these are on the rack in the hall, we will be raffling these off shortly

Articles for Sale

The club store room has plenty of pen parts, sandpaper and other articles for sale, the price list is on the notice board. Please utilise these article when you are next looking to refill your stock we have very competitive pricing.

Also if any member has anything for sale, then just email me a description of the item with a photo (if Possible) along with your sale price.

Club Photo's

No One has sent me any, guess no one has made anything worthwhile or want to brag about it, come on guys, send me some photos

Until next time, enjoy your woodwork

Making Shavings
